SAFETY AND THE SUPERVISOR

Course Rate: **$2400** **Member** **Course Length:** **2 Days**
$3000 **Non-Member** **Max# of Participants:** **20**
Price does not include materials fee and instructor expenses

Course Format

Through a combination of discussion, exercises and lecture, the course focuses on the role of supervisors in relation to legal requirements, occupational health and safety programs, effective leadership and risk assessment.
Safety Services Canada implements its training programs with collaboration from each of its eight provincial members. Together, the service providers create insightful, certified programs to keep Canadians safe at work, at home, on the road and at play.

Course Objectives

Supervisors are the key to safety in a workplace. Often, the responsibility falls on them to communicate health and safety information between management and frontline workers.
This course helps supervisors plan, organize, lead and control while providing safety training, resources, support and adequate supervision.
This Safety Services Canada course aims to improve the supervisor's regard for a safety culture – specifically the safe knowledge, attitudes and behaviors of everyone in an organization.

Who Should Attend?

Manager's supervisors; lead hands forman; safety committee members; anyone responsible for safety or loss control.
