 \$750 Non-Member

Course Length: ½ Day
Max # of Participants: 20

On site course rates available

Course Format

Safety Services New Brunswick offers a ½-Day **Workplace Hazardous Materials Information System (WHMIS)** course. Taught in accordance with current government requirements, this WHMIS Training Program provides current information for workers in contact with or near controlled products.

Each participant will complete a written or oral test (80%). Successful participants will receive a wallet card valid for three years.

Course Objectives

The course will outline strategies to ensure the workers safety and the health and safety of other workers around them. To assist in conducting the course, copies of MSDS and sample products used in your workplace would be used in the training. Normally six samples would be sufficient; there would be a photocopy of each MSDS for each student participating in the course.

Course Outline

- What is WHMIS?
- Implementing WHMIS in the Workplace
- Role of the Safety and Health Committee Representatives
- WHMIS Labels
- Understanding MSDS
- Employer/Employee Responsibilities Concerning WHMIS
- Workers Education as it Pertains to their Specific Job
