

Safe Chipper Operation

Course Rate: \$65 **Member**
 \$75 **Non-Member**

Course Length: ½ Day
Min # of Participants: 12

On site course rates available

Course Format

The ½ day **Safe Chipper Operation** training course has been developed for those who operate a chipper for either work or recreational use. This course has a classroom component where key areas of safety and operations are covered. This is followed by a practical session where individuals will do a field inspection of a chipper as per operator's manual to identify safety features.

Course Objectives

This course was developed to provide the participant the proper techniques of chipper operation.
