

PROFESSIONAL DRIVER IMPROVEMENT (PDIC)

Group Rate \$1300 Member
\$1600 Non-Member

Price does not include materials fee and instructor expenses

Course Format – 1 Day

The **Professional Driver Improvement Course** designed by the Canada Safety Council is recognized by major transportation companies across Canada as excellent information for professional drivers who will benefit by reviewing and refreshing the techniques of defensive driving. This course, through the use of visual aids and qualified instructors, will show your drivers how to avoid potentially dangerous situations. Classroom participation involves case studies and active discussion of real life situations, as well as identifying traffic hazards.

Maximum number of participants per session – 20.

Course Objectives

At the conclusion of the course, students will be able to apply the methods of defensive driving in their jobs as professional drivers; and, understand the benefits of consistently applying the techniques to prevent collisions, save lives, deliver cargo undamaged & on time and maintain good driving records.

The overall goal of the course is to create an awareness of tactics that can be reasonably used to prevent collisions in spite of the actions of others and the conditions professional drivers encounter.

PDIC will teach your drivers defensive driving techniques that will help them:

- prevent collisions,
- save lives,
- deliver cargo safely and on time,
- reduce costs, and
- maintain good driving habits.

Company benefits include reducing operating costs; reducing collisions; reducing sick leave, insurance and other benefit payments related to traffic collisions; reducing vehicle abuse and maintenance costs; increasing customer satisfaction with on-time deliveries and undamaged product; and increasing morale.

Course Outline

The course content covers defensive driving techniques, passing, collision prevention, driving conditions, turns, backing, driver awareness and impairments, and vehicle inspections.
