Course Format – 1 Day

The Snowmobile Operators Course is a one-day course comprised of 17 lessons consisting of both lecture and practical applications. Participants receive a Student Manual to aid in the learning process. A certificate is issued upon successful completion of the course. Maximum number of participants per session – 10.

Course Objectives

The lessons run from the basics of proper physical warm-up exercises, controls and safety equipment, pre-ride inspection and basic maintenance through discussions on riding strategies, risk awareness and management. The client will be responsible for providing a snowmobile, helmet and appropriate attire for each participant. The client will also be responsible for providing a training area at least 50m x 150m.

This course is designed to help participants ride safely and increase the life of your snowmobile.
